Dear Suzette:

We would like to commend the conduct and professional behavior of your employee, Almer. She has been very helpful during the last month. The health of our aunt and uncle has improved during the last month. Almer has been able to get our aunt to eat consistently, and plays cards and takes Uncle George for walks. Both them and their home are clean and neat. They both enjoy her company.

Sincerely,

A handwritten signature in cursive script that reads "Ed. Paula".

Ed and Paula.
