Dear Suzette:

I want to thank you and your registry for all the workers who cared for my father. You helped his year of disability have quality. I would like to offer comments on each worker in case he or she will be continuing with A-1 Domestic Services.

Gladys --she is excellent, I cannot praise the quality of her work enough. Plus she was always willing to help out if another worker could not make his shift or if we needed extra hours. She's outstanding!

Paul --he was always prompt, reliable, and genuinely took an interest in my father

Martin and his son Marlor--Martin is a gracious man of quiet strength; he is competent, compassionate and reliable.

I hope these comments will help you as you place any of these caregivers. Again let me express my thanks to you and to Mary.

Sincerely yours,

Karen
